Virtual Contact Magnetic resistance brake allows for smooth, consistent control
Schwinn Fit System enables versatile seat and handlebar adjustments for reined positioning
Schwinn Fit system enables a wide range of seat and handlebar adjustments to provide safe and comfortable setup for a wide range of riders

Features	**1.Indoor Cycling with outdoor Ride Feel** the carbon blue belt drive technology that the schwinn AC performance plus bike utilizes offers an authentic outdoor ride feel and is virtually maintenance free.This schwinn indoor cycle features a carbon fiber reinforced belt with teeth for maximum durability and a true bike feel
	2.Track your ride and MYZONE integration schwinn monitors to show your watts,RPM,Calories,Mileage.Also,watch for special spin MYZONE classes on the schedule-these classes integrate perfectly with our MYZONE receivers.Also,a USB port is available to save your workouts.
	3.The 6 - Magnet Resistance System like all inddor bikes with magnetic resistance systems,the A.C.Performance Plus offers the smooth,realistic feel of riding a road bike.But not satisfied with the status quo,Schwinn ups the ante by including 6 magnets to more evenly distribute the braking power.
	4.Comfort and adjustability As far as comfort,the bike is very adjustable and can accommodate users of just about any size or weight.With the double link Pedals with SPD and various toe-clip combinations you can wear cleates or normal workout shoes
	5.Maintenance Free this bike is totally aluminum instead of steel which results in no rust which results with MORE rides!
