

Product Description

Inspired by the practical, collapsible design of military entrenching tools, the YYSFitness [Push Sled](#) delivers convenient portability in the form of a highly durable steel weight sled.

Unlike many [traditional dragging sleds](#) that can only be used on non-abrasive surfaces, the sled comes with virtually zero limitations. Move your [speed sled training](#) indoors or outdoors on grass, field turf, track, concrete, or asphalt. The YYSFitness sled's bent steel rails will stabilize and protect more than 495 pounds in steel plates on almost any terrain. And when your training's over, it can be quick and easy carried or storage.

The YYSFitness sled can be used for light weight sled training to help improve sprinting speed and metabolic conditioning, or with heavy weight to develop a strong and organized posterior chain.

Product Specifications

- Size : 39.4 × 25.6 × 10.6 inch (L×W×H)
- Weight : 36 lb
- Pipe Size : 50*1.5 mm
- Material : Wear Resistant Steel
- Weighing : 500 lb
- Logo : Customer Logo
- Application : Training
- Color : Red , Black , Yellow
- Package Size : 40.2 × 26 × 11.5 inch
