

Figure 8

Figure 8 shows a mallet. The mallet is black and has a cylindrical head and a long handle. The mallet is shown in a perspective view, with the handle extending from the bottom left towards the top right. The head of the mallet is on the left side of the handle.

The mallet is a tool used for striking. It is typically used in carpentry or construction. The head of the mallet is made of wood or metal, and the handle is made of wood. The mallet is shown in a perspective view, with the handle extending from the bottom left towards the top right. The head of the mallet is on the left side of the handle.

The mallet is a tool used for striking. It is typically used in carpentry or construction. The head of the mallet is made of wood or metal, and the handle is made of wood. The mallet is shown in a perspective view, with the handle extending from the bottom left towards the top right. The head of the mallet is on the left side of the handle.
