Main tube: 80*80*3.0mm

Shandong Xingya is a professional manufacturer of fitness equipment. We have a factory in Shandong, China, with a production capacity of 100,000 units per month. We have a professional R&D team and a strict quality control system. We can provide OEM and ODM services. We have a good reputation in the fitness equipment industry.

Kettlebells are a type of fitness equipment used for strength training. They are typically made of cast iron or steel and have a unique shape that allows for a variety of exercises. Kettlebells are a versatile and effective tool for building strength and endurance.

Our kettlebells are made from high-quality materials and are built to last. We offer a variety of weights and sizes to meet the needs of different fitness levels. We also provide a range of accessories, such as kettlebell straps and handles, to enhance your workout experience.
