

## Product Description

Content: The YYSFitness [Push Sled](#), one center stack pole, two rear stack poles, one sled harness, one tow strap with carabiner, set of skis for floor protection , and one collar

The middle pole facilitates better weight distribution and improved front ski traction compared to sleds with only rear poles. The middle pole is supported by a frame cross bar that significantly improves sled rigidity and longevity, compared to sleds without a middle frame cross bar. The sled is laser cut for exacting standards.

The YYSFitness Pull Sled is a high quality, versatile push/pull gym sled that can also be used for [speed and sprint training](#). Designed for use with [Olympic plates](#) it's a great addition to any personal or professional gym.
