Dumbbell Features

- 1)Rubber encased heads: This kind dumbbell will minimize noise, wear and tear on dumbbell themselves and damage to floor.
- 2)Chrome handle, easy and comfortable to grip.
- 3)Steel pins keep handle from separating from heads.
- 4)6 sides hex design prevents from rolling off benches or others.
- 5)Dumbbell racks are available.

What separates our rubber hex dumbbell from others?

- 1)Virgin rubber: This rubber is long lasting and will not dry out like recycled rubber.
- 2)Safety: Our unique design attaches cast iron heads to handles. Low quality dumbbells only glue heads to steel handles, if drops repeatedly, it's easy to separate.
- 3)Small odor: Low quality hex dumbbell can be made with toxic fillers, then the room will be filled with noxious odors quickly. Our rubber hex dumbbell is an ideal choice without ventilation.
