

product Description

The new XYSFitness [Push the sled](#) is the next evolution of the power slide: compact, durable and versatile enough to push, [pull and accelerate the workout](#) on almost every surface. With the addition of holes in sled skis, it is now also compatible with a wide range of mountable accessories, including the double handle, the lawn boy, the wheelbarrow and more.

This slide is supplied as standard with two pairs of vertical bars designed to adapt to both high and low thrust positions.

Compared to many [power and speed slide](#) drawings, the portable sled has a smaller overall area, which allows you to get the most out of the dishes you own.

Improving your body's ability to maximize the use of the front and back chain is the holy grail of power and performance.

This is what [ideal training with resistance sled](#) it can accomplish, and that's what the XYSFitness pushes Sled to deliver.

FAQ

Q1: Can I negotiate prices?

A1: Yes, we could launch some promotions that sometimes would be granted more discounts.

We can grant a discount for FCL of mixed products or large quantities of individual products.

Q2: What is the minimum order quantity?

A2: We can accept small orders, however the prices will be higher.

Q3: How long does it take for production and delivery?

A3: please confirm the order quantity, delivery time when you are ready to place an order.

Normally we need 3-4 working days to produce after receiving your deposit and all order details are confirmed for regular designs.

Transportation by sea or air, customs clearance and land transport will need another 20-30 days.

So please order early to make sure you have products to sell in high season.

Q4: If we do not have shipping agent to China, could you do it for us?

A4: we have the shipping department, you will get the best shipping price and excellent service.

Q5: I have never come to China before, can you become my guide in China?

A5: we will book the hotel for you in advance and we will organize our driver to pick you up from the airport to our company,

if you want to visit the market or the factory, we can organize our colleague as your assistant.
