

Product Specification:

- This professional-level ab/core machine features a curve track steel design that engages more muscles for a higher-level workout. The machine is made of a heavy-duty steel frame, high-quality knee cushion, and foam-covered handgrips, ensuring both stability and durability. With a maximum weight capacity of 440 lbs, this machine is built to last. It also offers adjustable resistance levels and is multi-functional, allowing for a variety of exercises to target different muscle groups. The compact and portable design makes it easy to store and transport, and it comes with easy-to-follow assembly instructions.
